VANMAHOTSAV

Date : 07.07.2017
Venue : School Ground
Chief guests : Mr. B.S. Bhagel - The Green Man of India
: Mr. District Forest Officer

The event started with the introduction and welcome of chief guests by the Principal Dr. Manjusha Joshi. The Chief Guests also addressed the students. Mr. V.P. Singh, the Chief Forest Officer asked students to plant trees on their birthdays. Mr. Bhagel - The Green Man stated the students about decreasing forest cover in U.P. especially in Ghaziabad. School Principal Dr. Manjusha Joshi also addressed the students drawing the attention of the students towards the problem related to reductions of green cover in the country. Students took the oath to save trees and save environment. The team planted the trees in the school premises. School choirs presented a beautiful song related to the concerned topic. The team chanted several slogans like **“SANSE HO RAHI HAIN KAM AAO PED LAGAYE HUM”**. It was a valuable day for the students as they learnt and fulfilled their duties.

CLUB REPORT (LANGUAGE SKILLS, GRADE IV-V)

Month : July 2017

Date : 15th July 2017

Activity : Learn to describe daily routine (Grade IV) conducted in Language Lab
Idioms (Grade V) conducted in classroom through Smart Board

Conducted by : Club In charges & Teachers

Objective-Activity I- To be able to **describe daily routine** with accurate application of vocabulary

Objective-Activity II- To be able to understand, discuss and **apply Idioms**

Grade IV students assembled in the **Language Lab** for the **Language Skills Club**. They were shown an informative and interesting module on **Methods to describe daily routine** followed by explanation and discussion. Their knowledge of related topic was assessed through a short Question answer session.

A visually stimulating module related to **basic idioms** was shown through smart board. Idioms, meaning hidden in them and their application in day to day language were discussed.

Outcome-Students' desire to learn, made the session interactive and their level of motivation gave an impression that they grasped and wished to apply the concept.

HT-PACE PRINCIPAL'S MEET

The annual HT-PACE Principal's meet was organized at Taj palace Delhi. Principals and school heads from over 400 schools of Delhi/NCR participated in the meet.

The meet began with the lamp lighting ceremony by Annapurna Sehgal, Head education HT-PACE, President of Kidzania group of institution, M D Meena Bazaar, Business Head VLCC and Kairali Ayurvedic group.

The chief guest was Dr. K K Agarwal a well-recognized cardiologist at AIIMS and President - IMA.

The intent of the meeting was to provide information and knowledge on important issues: How to stay healthy at a time when lifestyle disorders are stalking lives of young and old alike. Some other common communicable and non-communicable diseases were conversed.

Dr. Agarwal also gave important information and demo on CPR (cardiopulmonary resuscitation); How to revive a person by pumping heart within 10 minutes of death.

The event then proceeded to lucky draw. Eight principals won gift vouchers and coupons sponsored by participating business groups.

It was a good platform for school leaders as Principals are normally occupied and are perceived to be serious, relished the evening and accomplished their queries.

GARDENING CLUB

Vidya Bharati School Conducted the Plantation activity in Gardening Club on 25 July 2017 in the school premises.

Objectives: -

- To apprise students about the importance of plants in our life.
- To inculcate the habit of Gardening.
- To develop the attitude of taking care of plants.

Participants:- Club Teachers

Outcome: - Club Children visited the garden curiously. They saw various plants like Hibiscus and Bougai Villea in the school premises under the guidance of gardener and the club teachers. They were made aware of different types of plants and their requirements. Students were given first-hand experience of planting/sapling on their own.

They enjoyed a lot and were really happy to experience Encyclopedia of Gardening

Sonal Kandpal	VII-B	SECOND	200 Mtr.	Under 14
Prakhar Tiwari	XI H-1	THIRD	800 Mtr.	Under 18
Ashwin Anand	IV - A	THIRD	SHOT PUT	Under 12

AN EDUCATIONAL TOUR TO THE NATIONAL MUSEUM

An Educational tour was organized for class XII, Painting students to The National Museum in New Delhi on Friday, 28th July, 2017. The students learnt that the National Museum holds variety of articles ranging from pre-historic era to modern works of art. The Museum has around 200,000 works of art, both of Indian and foreign origin, covering over 5,000 years.

However, the most interesting for students was Harappan Gallery, the Museum has various artefacts from the Harappan Civilization also known as Indus Valley Civilization. Most prominent among the objects were the Priest Head, the Dancing Girl made in Bronze & mother goddess in Terracotta and Bone Objects, Ivory, Steatite, Semi-Precious Stones, Painted Pottery and Jewellery items which were in their painting syllabus in Class XI and also in History curriculum in class XII.

Other notable portions of the exhibits were in the Mauryan Gallery, Kushana Gallery, Gupta Gallery and these galleries have sculptures from that periods.

The most interesting and rewarding part of the museum is the Miniature paintings gallery. The gallery is divided according to the places and time where the schools of arts flourished. These paintings belonged to major styles such as Mughal, Deccani, Central India, Rajasthani, Pahari and many sub-styles. These were exactly the major aspect of this study tour because all most all the miniature paintings belonged to the painting syllabus.

Rather than this, students also visited the Decorative Arts gallery, Indian Scripts & Coins gallery, Musical Instruments gallery, Arms and Armour gallery, Wood Carving gallery and the most interesting Gems and Jewellery gallery.

Decorative Arts gallery and Gems and Jewellery gallery were the two galleries which caught the attention of our children and they were curious to know more about them.

This visit also gave the students an opportunity to acquaint with YuvaSathi Programme, in which a volunteer guided our group on a special trail through the museum, highlighting its masterpieces and unusual objects. It was a fun filled and edifying experience for all the students.

WORKSHOP ON CHALLENGING AREAS IN SOCIAL SCIENCE- CLASS X FOR TEACHERS

Date & Venue:

Workshop on Challenging areas in Social Science – Class X for teachers was conducted at Delhi Public School, Raj Nagar, Ghaziabad on 27th & 28th July 2017 by C.B.S.E.

Demonstrator & Presenter:

Mr. Jay Kumar Singh & Mr. Dheeraj Singh, from Centre of Excellence & Training Rai Bareilly (C.B.S.E) conducted the workshop cum interactive session.

Agenda:

- To understand Challenges while teaching social science in modern times.
- To integrate them in lesson planning in an effective manner
- To use various activities as a part of regular teaching learning process.
- To prepare active learning tool kit and integrating it with the lesson plan according to Blooms Taxonomy.
- To validate activities/ methods according to the intelligence of the students.
- Accept the changed role of teacher to face the challenges in modern day teaching.

Delegates:

Social Studies Teachers of Grade X from various schools attended the workshop cum interactive session.

Highlights:

- Started an interactive session with Ice breaking games.
- Discussed how today's classrooms and students' needs are vastly different from that of the earlier times.
- Identification multiple intelligence in the class.
- Stressed upon the development of life skills, independent decision-making skills, employability skills & communication skills of learners.
- Make learners understand the need to live a happy and stress-free life.
- Stressed upon the use of positive reinforcement in the classroom.
- Need to plan lesson according to the Blooms Taxonomy.
- Emphasized on 'Draw out technique' instead of 'Pump in' while imparting knowledge.
- Discussed the role of teachers as counsellors to deal with individual problems.
- Discussed the importance of technology & effective communication skills of teachers to inspire and motivate learners.
- Discussed the need of teachers to work in collaboration as one team to improve skill, scale and speed.
- Emphasized on creating a stress free positive conducive environment in classroom.
- Emphasized on engaging learner in learning process according to multiple intelligence technique.
- Emphasized on making learners aware of daily happening.
- Stressed on the need to make learners feel valued.
- Emphasized on listening thoughtfully and responsively to learner's problems.

Outcome

- Grasped that the involvement of all according to their intelligence can bring better results in class room teaching and learning process.
- Need to connect with students in effective manner.
- Got to appreciate and accept the new role of teacher as mentor, facilitator, counsellor, and guide.
- Techniques like mind map, flip lesson etc need to be included in lesson plans.
- As lifelong learners, teachers need to incorporate and impart the life skill techniques in students needed to face the challenges of modern day world.
- Focus on imparting education to make learners world ready, inventive thinkers, effective communicators and impart knowledge and skills to become independent learners.

HEALTH & HYGIENE WEEK

Date and venue-

The students of Pre-Primary Wing celebrated Health & Hygiene drive from 24th to 28th July 2017 in the pre-primary wing

Demonstrator and Presenter-

Conducted by- Vidya Bharati School

Facilitated by- Class teachers of all the sections

Agenda-

- To make them understand that a healthy mind leads to a healthy life.
- To educate the students about how to keep themselves healthy.
- To make them understand that mental health is as important as physical health
- To make them aware about the healthy food and unhealthy food.

Participants- Students of Pre-Primary Wing

Highlights of the event

Through a series of activities, the concept of health and hygiene was inculcated in their daily lives-

1. **Colouring competition-** The students were made to color in the healthy food items. After this activity, they were able to distinguish between the healthy and unhealthy food items
2. **Puppet show-** A demonstration about the importance of adopting good food habits was given to the students as visual graphics have an ever-lasting impact on the minds of the tiny tots
3. **Talk show-** Under this talk show the teachers took help of various objects that are used to maintain health and hygiene. The students also gave a presentation as a result of which the objective of learning while doing was achieved
4. **Nutritious food party and Table mat making-** The students carried nutritious food in their lunch boxes for instance vegetable poha, vegetable idli, green vegetables etc. they got to know about the importance of having healthy food for overall physical and mental growth. They also made table mats as a part of learning table manners.
5. **Visit to Safal Mart and mother dairy milk booth-** A visit to Safal vegetable mart was organized and the students got to know about the varieties of fruits, vegetables and pulses. The students also learnt the process that how the milk is delivered to their homes every morning. It enhanced their overall general knowledge.

Analysis

The students were able to gather a good amount of knowledge about the importance of maintaining health and hygiene in their daily lives. They were not only able to understand the concept but also implicated it practically in their daily routine. They learnt all this with the help of various activities and fun which they enjoyed a lot.
