

VIDYA BHARATI SCHOOL
Vacation Enrichment Programme
Summer 2019(Grade IV)

Dear Children

Vacation is the time when you remain away from your school, mentors and friends for a month and a half. It's a time for a lot of indoor and outdoor games, hobbies, friends and family, tours and trips, and you want to enjoy every bit of it. But, learning never stops. So, here is a Vacation Enrichment Programme developed specifically for you to match your learning needs. It'll not only prepare you for your upcoming assessments but you'll also enjoy doing it and feel connected to the school. My advice for you is to prepare a time-table to maximize the fun quotient, happiness, learning and family time during these holidays.

I know, amongst all this fun and frolic you will never forget your duties towards mother earth. As we celebrate Environment Day on 5th June every year, continue to follow your **no plastic bag policy** and be effortful always to **save water and electricity** at home and set an example for others.

Wishing you all a wonderful and fun-packed summer break.

See you on Tuesday, 2nd July, 2019.

Manjusha Joshi

(Principal)

Few guidelines for parents -

- ❖ Only guide your children while doing the assignment.
- ❖ Originality of the work will be appreciated.
- ❖ Project / Homework will be assessed on the basis of accuracy, neatness, creativity and originality of ideas.
- ❖ Converse with your child preferably in English to help him / her get comfortable with the language.
- ❖ Spend quality time with your child engaging him / her in activities based on enhancing his / her powers of observation and imagination.
- ❖ Appoint a specific time to do homework every day.
- ❖ For the development of vocabulary, language skills and spellings, encourage your child to cultivate reading habit.
- ❖ File the subject-wise work separately for submission on 2nd July 2019.

Vacation Enrichment Programme-Summer 2019

English Grade IV

Student's Name- _____

READING

Q.1 Read the passage and answer the questions:

Morning walk is very useful for our health. It refreshes our mind. It strengthens our body. It is one of the best exercises. It saves us from many diseases. It keeps us fresh for the whole day. Early in the morning, the atmosphere is free from the din and noise of the day. The air is free from smoke and dust. It is cool, fresh and fragrant. Nature is at her best in the early hours of the day. Dewdrops on the green grass look like pearls. The fresh flowers and chirping birds charm our minds. Morning walk is useful not only for our body, but for our mind also and it costs nothing.

Answer each question briefly:

1. How is morning walk useful for our mind and body?

Ans. _____

2. Give any two benefits of the morning walk.

Ans. _____

3. How is the atmosphere early in the morning?

Ans. _____

- Write the number of passengers in words.
- Arrange the names of the cities in ascending order based on the number of passengers.
- Which two airports are catering more than 25000 passengers.

Q2 Once, little johnny dreamt of a magic carpet .On the carpet he could cover the whole universe. In his dream he flew 25,750 Km towards south, then 37,650 Km towards north and finally 71,280 km towards east.

- Arrange the distances which he flew in descending order.
- Find the place value of 7 in each number
- Round off all the three distance covered by him to the nearest 100.

Q3 Fill in the blanks

- $17835 + 2615 = \text{-----} + 17835$
- $63959 + 1 = \text{-----}$
- $6823 - 1 = \text{-----}$
- $5965 - \text{-----} = 5964$

Q4 Write < , > , = in the blank space.

- $6831 + 1 \text{-----} 6830$
- $4455 - 1 \text{-----} 4458$

c. $7929 + 1 = 7930$

Q5 Find the actual sum and estimate the sum by rounding off the numbers to nearest 100.

a. $3571 + 4385$ b. $5813 + 1768$ c. $5095 + 7670$

Q6 Match the following

- (a) XXVII 403
- (b) LXXXVII 96
- (c) XCVI 27
- (d) CDIII 87

Q7 For each of the following addition facts, write two subtraction facts.

- (a) $5324 + 3100 = 8424$
- (b) $21685 + 61125 = 82810$
- (c) $31151 + 52916 = 84067$
- (d) $298605 + 501131 = 799736$

Q8 Magic square—By using every number between 1 and 16 complete the square so that every line up and down, left to right and diagonal adds up to 34.

		13	
15			
		3	
	11		16

Q9 Mr Khanna purchased a refrigerator for Rs 54680 and a microwave for Rs 14400 from a shop. How much money he has to pay for both the articles?

Q10 There are 45739 men, 39687 women and 14360 children in a town. What is the population of that town?
