## **EXPERIENTIAL LEARNING CLASSES FOR GRADE PRE PRIMARY TO VIII**

**Dear Parents**  
**Greetings!!**

The well-being of our students is the need of the hour! Extraordinary times involve extraordinary measures. In these challenging times, it's of paramount importance to keep the students involved in a routine to offer them a semblance of normalcy. To keep this in mind the school is conducting vacation-related specific activities, and other activities for creativity, happiness, and overall social and emotional well-being, to complement the general growth of students.

Last year, with your help, we were able to bridge over rough times. In the face of the ongoing uncertainties, we seek your partnership, to help continue the teaching-learning process. We aim to help our learners become resilient citizens who thrive despite the challenges.

Let us think out of the box and permit creativity to take over the teaching-learning process. We, at the school, have planned fun-filled activity-based learning to keep the students motivated, enthusiastic, and engaged constructively. We wish to highlight that participation in these activities is not compulsory. Even so, those interested in attending these invigorating sessions are most welcome.

We look forward to your cooperation as always.

Timings & schedules of the said classes will be shared in the class groups.

Stay safe! Stay healthy!

**Regards**

**SEEMA KHANNA**
